## Penned Buildings

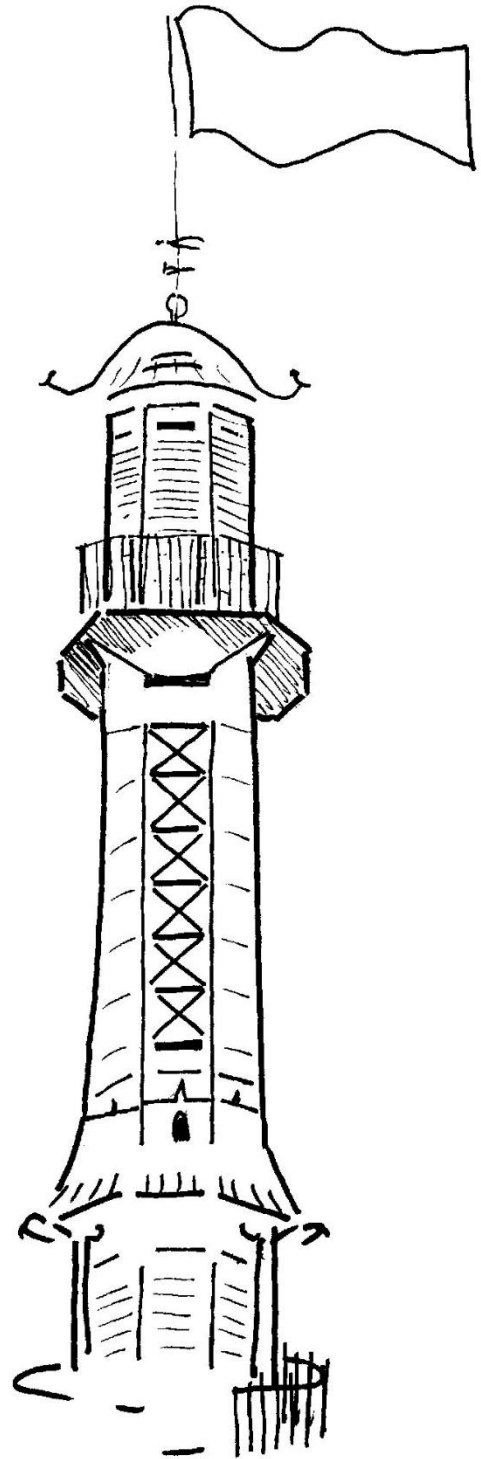

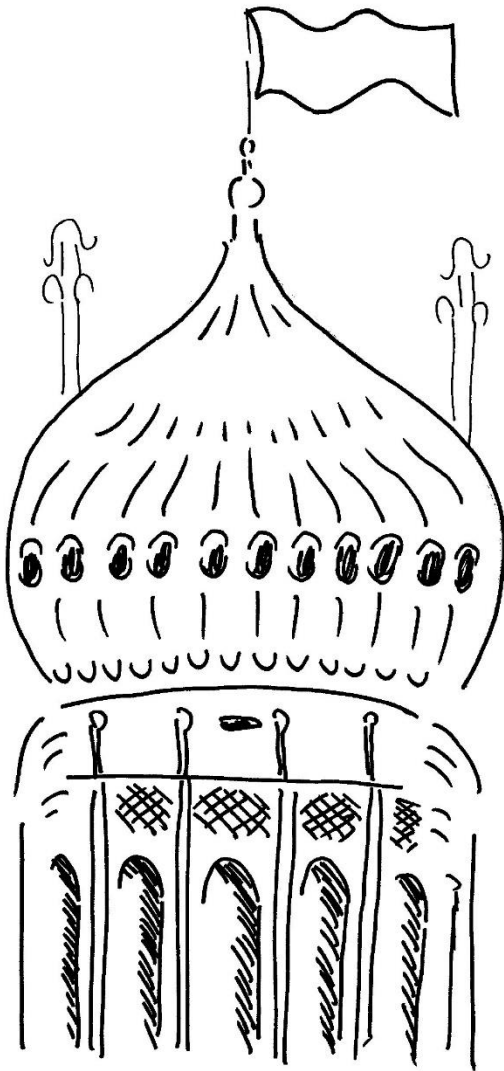

Here are 4 pen sketches representing London, Brighton, Paris and Geneva.

I created them by looking at dozens of images of iconic buildings of each place online and then trying to get the

essence of one building for each city into a line drawing. The only one you might not know of is the harbour lighthouse in Geneva. The project was done for a competition.

Winning submissions will be used to adorn a 16-tonne Electric Truck designed and built by start-up company Volta for an electric vehicle rally from London to Geneva towards the end of June. The flags were for the Volta company logo, if they wish to add it in.

I'll let you know if the images make it onto the vehicle.

*Rosemary*

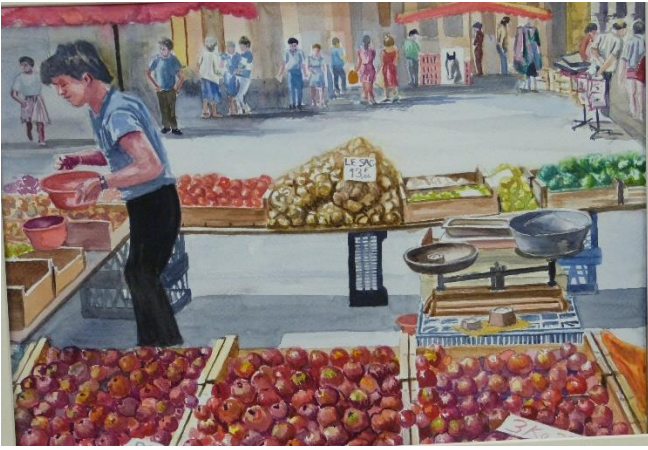

### Coffee Queue Sketch

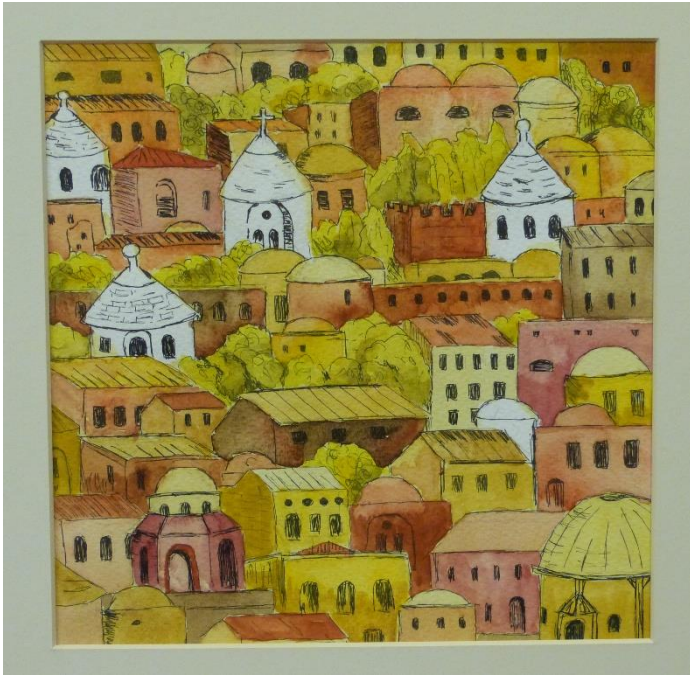

5-minute sketch while queuing for a coffee at Henry's in Minch. Just thin notebook paper but it took the ink well enough. Nice little challenge - to sketch in a queue! Give it a go. *Rosemary*

### Summer Competition

The summer competition was held on the 6<sup>th</sup> June, on the subject of abundance, set and critiqued by Beth. It was well supported with 17 optimistic entrants offering a great range of interesting interpretations of the subject. See below, sorry about the reflections.

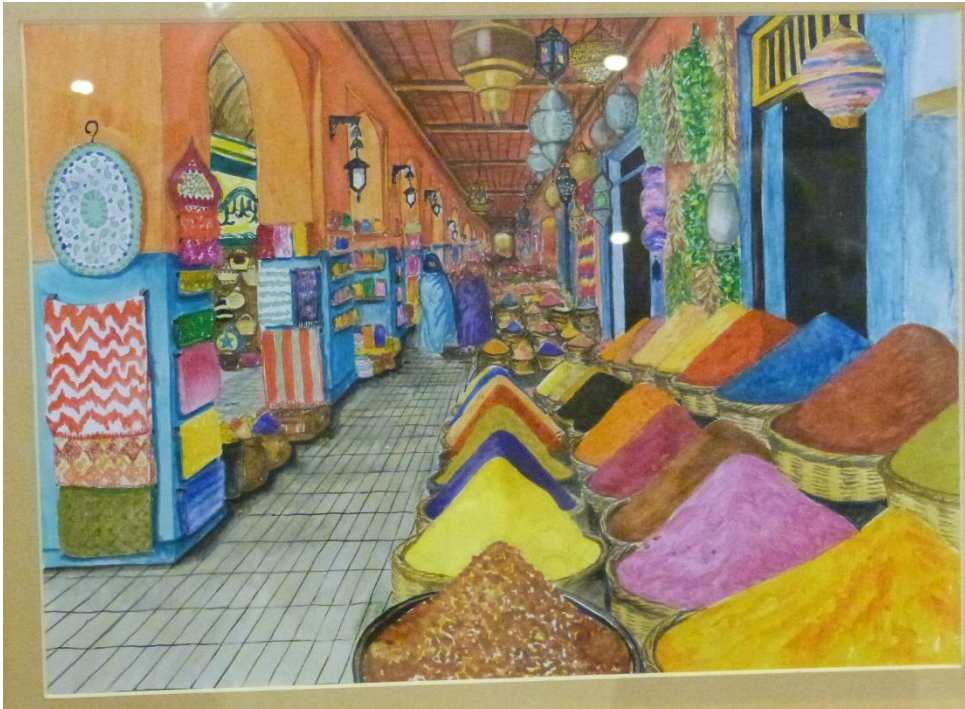

Winner - Sarah

### **Nearby Events in July**
